Fix and Repair Your Period Feb 10 2022 □ Are you unfamiliar with the basic details about your menstrual cycle? □ Are you lost on how to understand all of it and on how to deal with potential problems? □ Are you looking for a more substantiated yet condensed way of knowing? If yes, this is the right book for you!

The book *Fix and Repair Your Period* is informative enough to make any unfamiliar women become knowledgeable quickly. It has everything you will need to know to be well-versed and attuned to your menstrual cycle. Introducing to you, ladies out there, what might be the problem with your period, if you're having any, and how to prevent them, if you haven't experienced them yet. The guide starts by introducing the bases of why you might not be having your period as you should be. It delves deep into amenorrhea, irregular periods, and even in what are the tell-tale signs that you should actively look out for when assessing whether or not you should seek medical advice. It then tackles the causes of amenorrhea and other disorders that are unnatural and dangerous, including medications that can cause amenorrhea and its consequences. This is followed by a focus on the female reproductive system, what the period is, how it creates observable signs to your hormones and many more areas of information that you'll need to equip yourself with. Finally the book offers three steps as a new protocol to fix and repair your period. More precisely, the book covers: Why am I not having my period? Primary and secondary amenorrhea Understanding your period Fix and Repair your period So, what are you waiting for? Click "Buy now" to understand how to fix and repair your period and take care of your body!

Repair Revolution Jun 14 2022 Every year, millions of people throw away countless items because they don't know how to fix

them. Some products are manufactured in a way that makes it hard, if not impossible, for people to repair them themselves. This throwaway lifestyle depletes Earth's resources and adds to overflowing landfills. Now there's a better way. Repair Revolution chronicles the rise of Repair Cafes, Fixit Clinics, and other volunteer-run organizations devoted to helping consumers repair their beloved but broken items for free. Repair Revolution explores the philosophy and wisdom of repairing, as well as the Right to Repair movement. It provides inspiration and instructions for starting, staffing, and sustaining your own repair events. "Fixperts" share their favorite online repair resources, as well as tips and step-by-step instructions for how to make your own repairs. Ultimately, Repair Revolution is about more than fixing material objects: in an age of over-consumption and planned obsolescence, do-it-yourself repair is a way of caring for our lives, our communities, and our planet.

Dare to Repair Dec 20 2022 This is NOT your father's home repair book! And it's not your husband's, your brother's, your boyfriend's, or the guy's next door. Dare to Repair is a do-it-yourself book for every woman who would rather be self-reliant than rely on a super or contractor. No matter the depth of your pockets or the size of your home, a toilet will get clogged, a circuit breaker will trip, and a smoke detector will stop working. It's up to you how you'll deal with them -- live in denial, pay the piper, or get real and do it yourself. Dare to Repair demystifies these home repairs by providing information that other books leave out. In Dare to Repair, you'll learn how to: Take the plunge -- from fixing a leaky faucet to cleaning the gutters. Lighten up -- from removing a broken light bulb to installing a dimmer switch. Keep your cool -- from maintaining a refrigerator's gasket to changing the rotation of a ceiling fan. Get a handle on it -- from replacing a doorknob to repairing a broken window. Play it safe -- from planning a fire escape route to installing a smoke detector. Filled with detailed illustrations, Dare to Repair provides even the most repair-challenged woman with the ability to successfully fix things around the home. Once you start, you won't want to stop.
