Sarah's Alice Feb 25 2021 When Sarah runs away from her husband Joseph, her world explodes into one of liberation and fear. She has no friends, no family, and almost no money, but her spunk, ingenuity, and deep need for freedom might be enough. Though she takes on a new name and travels far away, she often reminds herself that she is safe from Joseph, that he will not find her and exact his own special punishment.

[Upper-Voice Structures and Compositional Process in the Ars Nova Motet](#) Sep 22 2020 In the motets of Philippe de Vitry, Guillaume de Machaut, and their contemporaries, tenors have often been characterized as the primary shaping forces, prior in conception as well as in construction to the upper voices. Tenors are shaped by the interaction of talea and color, medieval terms now used to refer to the independent repetition of rhythms and pitches, respectively. The presence in the upper voices of the periodically repeating rhythmic patterns, often referred to as "isorhythm," has been characterized as an amplification of tenor structure. But a fresh look at the medieval treatises suggests a revised analytical vocabulary: for many fourteenth- and fifteenth-century writers, both color and talea involved rhythmic repetition, the latter in the upper voices specifically. And attention to upper-voice taleae independently of tenor structures brings renewed emphasis to the significant portion of the repertory in which upper voices evince formal schemes that differ from those in the tenors. These structures in turn suggest a revision of the presumed compositional process for motets, implying that in some cases upper-voice text and forms may have preceded the selection and organization of tenors. Such revisions have implications for hermeneutic endeavors, since not only the forms of motet voices but the meanings of their texts change, depending on whether analysis proceeds from the tenor up, or from the top down. Where the presumed compositional and structural primacy afforded to tenors has encouraged a strand of interpretation that reads the upper-voice poetry as conforming to, and amplifying, the tenor text snippets and their liturgical

contexts, a "bottom-down" view casts tenors in a supporting role and reveals the poetic impulse of the upper voices as the organizing principle of motets.

The Holy Bible Aug 22 2020 THE LSV IS FINALLY HERE: A BRAND NEW, LITERAL, EASY-TO-READ TRANSLATION OF THE COMPLETE HOLY BIBLE—BOTH OLD AND NEW TESTAMENTS. This is the first edition of the LSV available for Google Play. The LSV is published by Covenant Press, the publishing arm of the Covenant Christian Coalition. *A modern, literal, word-for-word (formal equivalence) English translation of the Holy Scriptures utilizing English word rearrangement when necessitated for readability. The LSV is the most literal translation of The Holy Bible, with significant improvement over previous literal translations, including Robert Young's excellent Young's Literal Translation. *Preservation of verb tenses wherever possible. *Utilization of the transliterated Tetragrammaton in the Old Testament. All uppercase LORD is used in the New Testament when a reference to YHWH is likely. *Removal of many Hebrew and Greek transliterations; remember, transliterations are generally not translations. *Unlike most translations, justified typographic alignment consistent with the style of the original Hebrew, Aramaic, and Greek biblical autographs. The ancient caesura mark is used for easy readability of poetic literature such as the Psalms. *Inclusion of the verses found in older English translations such as the King James Version (KJV) that are not found in many modern translations; and inclusion of the alternative LXX Genesis chronology set next to the MT. These are contained within bolded double brackets for distinction. *Capitalized pronouns and other nounal forms when referring to God, Christ, or the Holy Spirit. References to the Messenger of the LORD are also capitalized when the subject appears to be a clear reference to God or the Messiah (as found in translations such as the NKJV). The goal of any good translation is to produce a readable text that preserves the original autographic meaning and comes as close as possible to translating, word-for-word, manuscripts that accurately represent the original writings. It's with this goal in mind that the Literal Standard Version (LSV) was written—a modern, yet literal English translation based upon the most prolific texts: the Masoretic Text (MT) for the Old Testament and the Textus Receptus (TR) and Majority Text (M) for the New. However, in certain, specific instances other manuscript versions and text-types are used where the evidence seems incontrovertible (e.g., the LXX and DSS in the Hebrew and Aramaic; the Alexandrian in the Greek). ANOTHER TRANSLATION, WHY? There have been a slew of new English translations in the past half-century, which may cause some to wonder why the need for another. The translators agree with the premise that different translations can serve different demographics and different reading levels to maximize exposure to God's word. In this sense, the LSV is not a competitor to other excellent translations, but is complimentary. As the most literal modern English translation, the LSV is an excellent resource for deep and thoughtful Bible study and research, essentially an interlinear in terms of word-for-word translation, but arranged with English sentence structure.

Re-creating the Past: the Neo-Victorian Meaning in Sarah Waters' Neo-Victorian Novels Apr 10 2022 Desde un punto de vista cuantitativo, los estudios culturales ocupan sin duda un espacio menor. Sin embargo, los tres artículos aquí presentados dan cuenta de la variedad de perspectivas posibles dentro de este apartado. No solo abarcan estos estudios diferentes géneros literarios, sino que recorren diferentes épocas históricas, desde el renacimiento hasta nuestros días. Así, destaca la recepción de la obra de Shakespeare adaptada a los principios estéticos del siglo XVIII español, la aparición de un problema tan actual como la violencia doméstica en el teatro y el cine de mediados del siglo XX o la vinculación de posicionamientos contraculturales de la generación Beat en la música de Bod Dylan. Todos estos estudios exploran, pues, la relación entre las prácticas culturales, la vida diaria y los contextos históricos en los que se producen. Como suele ser habitual, gran parte de las contribuciones presentadas en este volumen

se centran en el estudio del aprendizaje del inglés como segunda lengua, una de las principales preocupaciones del sistema educativo español en estos momentos, tanto en la etapa preuniversitaria como universitaria. Es lógico, por tanto, que estos jóvenes investigadores muestren interés por un asunto que atañe a un elevado número de estudiantes en la sociedad actual. Los estudios van desde el análisis de libros de texto utilizados en la enseñanza del inglés, para comprobar si estos textos adoptan correctamente las cuatro destrezas básicas (listening, speaking, speaking, writing) al aprendizaje de la lengua desde el punto de vista de una aproximación comunicativa, hasta la relación de la prosodia y la utilización de audífonos por parte de personas sordas o la percepción que tienen los estudiantes de la pronunciación del inglés. Como se ve, problemas muy cercanos a la realidad pedagógica. Las contribuciones literarias se centran exclusivamente en autores del siglo XX (incluida una adaptación al Londres actual de una obra de Shakespeare), pero recorren todos los géneros literarios, así como el cine. En general, estos estudios se fijan en obras concretas y las analizan desde perspectivas culturales, sociológicas o psicológicas. Podemos encontrar autores consagrados, como Theodore Roethke y Ted Hughes o escritoras más localistas, como la canadiense Jeannette Armstrong, y sobresalen miradas postmodernistas, tanto en el ámbito de la novela como del cine. En definitiva, se trata de una selección de artículos altamente prometedora, que supone un claro desafío al futuro de los Estudios Ingleses. Por todo ello, hay que felicitar a todos los participantes y, sobre todo, a los editores de este volumen, que han demostrado una enorme capacidad de trabajo y entusiasmo.

Finding Voice to Give God Praise May 11 2022 In this collection of essays, outstanding scholars and pastors reflect on the many "languages" of the Catholic liturgy--the aural, spatial, temporal, kinetic, and iconic--which blend together into a single voice, a single act of praise.

The Voice Catchers Jul 01 2021 Your voice as biometric data, and how marketers are using it to manipulate you Only three decades ago, it was inconceivable that virtually entire populations would be carrying around wireless phones wherever they went, or that peoples' exact locations could be tracked by those devices. We now take both for granted. Even just a decade ago the idea that individuals' voices could be used to identify and draw inferences about them as they shopped or interacted with retailers seemed like something out of a science fiction novel. Yet a new business sector is emerging to do exactly that. The first in-depth examination of the voice intelligence industry, *The Voice Catchers* exposes how artificial intelligence is enabling personalized marketing and discrimination through voice analysis. Amazon and Google have numerous patents pertaining to voice profiling, and even now their smart speakers are extracting and using voice prints for identification and more. Customer service centers are

already approaching every caller based on what they conclude a caller's voice reveals about that person's emotions, sentiments, and personality, often in real time. In fact, many scientists believe that a person's weight, height, age, and race, not to mention any illnesses they may have, can also be identified from the sound of that individual's voice. Ultimately not only marketers, but also politicians and governments, may use voice profiling to infer personal characteristics for selfish interests and not for the benefit of a citizen or of society as a whole. Leading communications scholar Joseph Turow places the voice intelligence industry in historical perspective, explores its contemporary developments, and offers a clarion call for regulating this rising surveillance regime.

Jephthah's Daughter, Sarah's Son Mar 17 2020 Late antiquity was a perilous time for children, who were often the first victims of economic crisis, war, and disease. They had a one in three chance of dying before their first birthday, with as many as half dying before age ten. Christian writers accordingly sought to speak to the experience of bereavement and to provide cultural scripts for parents who had lost a child. These late ancient writers turned to characters like Eve and Sarah, Job and Jephthah as models for grieving and for confronting or submitting to the divine. Jephthah's Daughter, Sarah's Son traces the stories these writers crafted and the ways in which they shaped the lived experience of familial bereavement in ancient Christianity. A compelling social history that conveys the emotional lives of people in the late ancient world, Jephthah's Daughter, Sarah's Son is a powerful portrait of mourning that extends beyond antiquity to the present day.

Middle Voice in Modern Greek Nov 05 2021 This book provides an in-depth analysis of the inflectional middle category in Modern Greek. Against the theoretical backdrop of cognitive linguistics, it is argued that a wide range of seemingly disparate middle structures in Modern Greek comprise a complex semantic network, and that this network is organized around two prototypical middle event types, which are noninitiative emotional response and spontaneous change of state. In those cases where middle structures have active counterparts, middle and active variants of the same verb stem are compared in order to demonstrate more clearly the semantic distinctions and pragmatic functions encoded by inflectional middle voice in Modern Greek. Major semantic groupings of middle structures treated include emotional response in particular and psycho-emotive experience in general, spontaneous change of state and/or the resulting state, agent-induced events in which an agent subject is (emotionally) involved with or affected by some aspect of the designated situation, passive-like events in which a patient subject is affected by a nonfocal agent, implicit or specified, and reflexive-like events in which a patient subject and an unspecified agent may overlap to varying degrees.

Sarah's Story May 31 2021 Seven year old Sarah Martin kept secrets to herself, never telling her mother. When her father received a letter from his brother to come and live at his house in Sunnysvale, Vermont, she didn't want to go. She had a bad feeling about the move. That night as she got ready for bed, her father came to tuck her in, but as he bent down to kiss her goodnight, she pulled away, afraid of him. She'd seen a dark shadow in her dreams, thought it was her father. She was terrified of him. He was furious and told her he was her father and could give her a kiss anytime he wished. She would not let her father hurt her or her mother again as he had before and Sarah would make sure that all men pay for what they did.

Sarah's Laughter Oct 12 2019 Sarah's Laughter provides a reflection on suffering that is deeply personal and both theologically and philosophically astute. Vinoth Ramachandra draws on his distinctive positioning as a Sri Lankan Christian theologian - one who has lived and ministered in contexts shaped by the destruction of natural disasters and the violence of human evil - to confront the intellectual, moral, and political challenges posed to faith in the increasingly broken world of the twenty-first century. Yet far from being an abstract discussion of theodicy, this book is intimate and vulnerable, embracing the biblical practice of lament and inviting an authentic response to grief - one that makes space for serious doubt and profound questioning. Sharing his own ongoing journey with suffering and a questing faith, Ramachandra reminds us that lament and joy, faith and protest, clarity and ambiguity, belong together in faithful Christian discipleship. It is not in bypassing the darkness of the world, but in embracing it - in imitation of the incarnate God - that we may glimpse the new creation.

The Sarah Siddons Audio Files Feb 20 2023 English actress Sarah Siddons (1755-1831) was an international celebrity widely acclaimed for her performances of tragic heroines. We know what Siddons looked like—an endless number of artists asked her to sit for portraits and sculptures—but what of her famous voice? In lively and engaging prose, Judith Pascoe journeys to discover how the celebrated romantic actor's voice sounded and to understand its power to move audiences to a state of emotional collapse. The author's quixotic endeavor leads her to enroll in a "Voice for Actors" class, to collect Lady Macbeth voice prints, and to listen more carefully to the soundscape of her own life. The Sarah Siddons Audio Files is the first full-scale attempt to address the importance of the voice in romantic culture. Bringing together archival discoveries, sound recording history, and media theory, the book shows how the romantic poets' preoccupation with voices is linked to a larger cultural anxiety about the voice's ephemerality. The Sarah Siddons Audio Files contributes to a growing body of work on the fascinating history of sound, and will engage a broad audience interest in how recording technology has altered human experience.

Women's Voices and the Practice of Preaching Jan 07 2022 Expert, practical help for women who preach or lead worship Many women preachers and worship leaders have trouble speaking; they struggle to fully use their physical voices. Maintaining that there is often a disconnect between the woman's self-understanding as a preacher and her own body, Nancy Lammers Gross presents not only techniques but also a theologically empowering paradigm shift to help women fully embody their God-given preaching vocations. Grounding her work in the biblical story of Miriam, Gross begins with a discussion of how women are instrumental in the work of God. She then tells stories, including her own, of women's experiences in losing connection to their bodies and their physical voices. Finally, Gross presents a constructive resolution with exercises for discovering and developing a full-body voice.

The Haunted States of America Sep 15 2022 Prior studies of post-war American Gothic literature (and even American horror films) have primarily interpreted Gothic cultural production of the post-war period through a Cold War lens. Despite legitimate reasons for such an approach, this emphasis has limited inquiries into post-war fiction as well as our understanding of the nation's complicated identity. While the federal government and its investigative agencies may have been preoccupied with the so-called 'red menace' that threatened to spread across the planet, each region of the country already possessed major strains of Gothic fiction that focused on regional anxieties - namely of those connected to women and minorities that threatened the region's constructed identity and balance of power. The Haunted States of America shifts the focus to these Gothic strains by examining how the anxieties, fears and concerns illustrated in the works of several post-World War II writers can be best understood through

regional history and identity.

The Bionic Woman and Feminist Ethics Jan 27 2021 The ABC TV series The Bionic Woman, created by Kenneth Johnson, was a 1970s pop culture phenomenon. Starring Lindsay Wagner as Jaime Sommers, the groundbreaking series follows Jaime's evolution from a young woman vulnerable to an exploitative social order, to a fierce individualist defying a government that sees her as property. Beneath the action-packed surface of Jaime's battles with Fembots, themes such as the chosen family, technophobia, class passing, the cyborg, artificial beings, and a growing racial consciousness receive a sophisticated treatment. This book links the series to precedents such as classical mythology, first-wave feminist literature, and the Hollywood woman's film, to place The Bionic Woman in a tradition of feminist ethics deeply concerned with female autonomy, community, and the rights of nonhuman animals. Seen through the lens of feminist philosophy and gender studies, Jaime's constantly changing disguises, attempts to pass as human, and struggles to accept her new bionic abilities offer provocative engagement with issues of identity. Jaime Sommers is a feminist icon who continues to speak to women and queer audiences, and her struggles and triumphs resonate with a worldwide fanbase that still remains enthralled and represented by The Bionic Woman.

The Drama and Theatre of Sarah Ruhl Jul 13 2022 Sarah Ruhl is one of the most highly-acclaimed and frequently-produced American playwrights of the 21st century. Author of eighteen plays and the essay collection 100 Essays I Don't Have Time to Write, she has won a MacArthur "Genius" Grant and the Steinberg Distinguished Playwright Award, been nominated for a Tony Award for In the Next Room or the vibrator play and twice been a finalist for the Pulitzer Prize for The Clean House and In the Next Room. Ruhl is a writer unafraid of the soul. She writes not about "this or that issue," but "about being," creating plays that ask "big questions about death, love, and how we should treat each other in this lifetime." In this volume, Amy Muse situates Ruhl as an artist-thinker and organizes her work around its artistic and ethical concerns. Through a finely-grained account of each play, readers are guided through Ruhl's early influences, the themes of intimacy, transcendence, and communion, and her inventive stagecraft to dramatize "moments of being" onstage. Enriched by essays from scholars Jill Stevenson, Thomas Butler, and Christina Dokou, an interview with directors Sarah Rasmussen and Hayley Finn, and a chronology of Ruhl's life and work, this is a companionable guide for students of American drama and theatre studies. Amy Muse specializes in dramatic literature and performance studies at the University of St. Thomas in St. Paul, Minnesota, where she is Associate Professor and Chair of the English Department. She is the author of "Sarah Ruhl's Sex Ed for Grownups" (Text & Presentation 2013) and essays on Romantic drama, intimate theatre, female Hamlets, and travel in Romantic Circles, Romanticism: The Journal of Romantic Culture & Criticism, Frontiers, and other journals.
