The Gifted Boss Revised Edition Sep 17 2022 Want freedom from management, mediocrity and morons? Ever wonder what the best bosses know that you don't? Do you want to have great employees, people who don't need to be managed and who make everyone around them work harder and raise the department to a higher standard? The Gifted Boss is management guru Dale Dauten's classic-yet revolutionary-guidebook on teaching managers how to spot and court talent and how to give great employees what they want and need. This is a comprehensive system full of valuable insight and lessons aimed at creating the best work environment for the best people. Throughout The Gifted Boss, Dale Dauten defines his different breed of leader as one who is able to shape a business environment and culture that is a magnet for self-motivated employees. Dauten's starting point is a powerful fact about hiring great employees: the best ones are almost never in the job market. His system also includes a discussion of "ideal turnover"

and how the great managers employ "the secret skill" of "de-hiring" to gracefully move mediocre employees up or out.

Throughout his discussions, Dauten incorporates priceless knowledge gained from an exhaustive search for America's best bosses. The wisdom he acquired was startling, and it pertained to every type of organization: "Different isn't always better, but better is always different." The Gifted Boss has already earned itself a cult following. Now, based on conversations with hundreds of readers, Dauten has revised his work by adding a quick-start guide to help his audience get fast results and a discussion guide to help executives share the book with their teams. Though new technology continues to bring new changes to communication in the workplace, The Gifted Boss still remains the essential guide to maneuvering the tricky world of managing the modern employee. It belongs on every businessperson's desk.

Sexy Boss: How Female Entrepreneurs are Beating the BIG Boys; While Changing the Rule Book for Money, Success and Even Sex
May 21 2020 My name is Heather Havenwood and I am a Sexy Boss. I wasn't always a Sexy Boss, however... After being spit out by the corporate world and growing tired of sales jobs that paid well but left me

empty, I launched my own real estate business at the tender age of 25. I was kicking butt and taking names. It quickly became a 7-figure company that I operated out of my home with two other partners, whom I trusted completely to manage the money and financial side of the business. Things were going great -- amazing actually -- until one day I was hit with the biggest shock of my life. I had been away at a weekend seminar, and arrived back at my home, only to see that one of my partners and all his stuff was suddenly gone. Worse yet, ALL of my bank accounts were emptied...I was literally wiped out. So I set out to share my stories, my experiences and yes, even my set backs to show women entrepreneurs how they too can be a powerful force in the world. If you are a woman in business or if you want to start a business, you must read this book. First, it's unlike any other business book. Why? Because it gives you all the tools you'll need as a woman to succeed and prosper in what was previously only a man's world. My mission is to champion women everywhere to awaken the Sexy Boss

within and realize their greatness. And do it with attitude.
